

APPROVED PRODUCT LIST
CUSTOM-MADE FOOTWEAR BENEFITS

Eligibility for Custom-Made Footwear:

A Client must suffer from a significant boney deformity such as, talipes equino varus, severe arthritis and resultant deformity or neurological damage to the foot with the resultant deformity or stabilized gross edema that cannot be fitted with a modified off-the-shelf shoe or extra width / extra depth shoe that results in a functional ambulatory footwear fitting.

AADL does not provide Custom-Made Footwear benefits for:

- Non-ambulatory clients
- Clients only able to pivot and/or stand for transfers
- Clients refusing to try off-the-shelf footwear
- Edema management
- Post-Op conditions
- Undersized, oversized, extra width, extra depth or a split-size requirement.

Modifications are defined as rocker soles, tongue padding, flares, stretching.

Documentation required (to be kept on file):

- Medical Prescription issued by a Prescribing Physician
- Pedograph
- Photograph
- Custom-Made Footwear Eligibility Questionnaire Document A (New Clients Only)
- Custom-Made Footwear Criteria Document B
